ABOUT THE COMPANY

GARETH CAPITAL HOLDINGS LTD located in Kampala Uganda, is one of the most efficient, reliable and recognized companies in Uganda that specialises in the supply & provision of;

Health Care & Medical Services

Agriculture

Oil and Gas

Civil Works

Human Resource & Transport & Logistics

COMPANY INFORMATION

Since 2019, we have grown in our capacity to provide satisfactory services to our clients through; timely delivery offering after sale services and establishing both national and international joint ventures depending on the magnitude of the project.

OUR MISSION

Our mission is to build good relations between Europe and African governments & companies. We are working with top level European companies and we intend to extend to other African countries to ensure the permanent stay of these companies in the African market and to inspire day to day business in the African market.

HEALTH CARE & MEDICAL SERVICES

A

- GARETH CAPITAL HOLDINGS LTD has made its name in the Ugandan health sector by providing different quality services to public and private institutions in the country and in the neighboring countries.
- We have made strong Business relations in several countries In Africa in countries such as Uganda, Kenya, Tanzania, South Sudan, Nigeria, Ghana, Malawi, Zambia and many other
- We also provide Consumables, Bio chemistry, CBC and Hematology Reagents with the associated machinery in our supply chain.
- Our medical reagents (testing kits) are approved by relevant authorities in the country and have passed the standard requirements required to be on the market. These include; NDA, CPHL, UVRI, Ministry of Health.
- We also deal in all sorts hospital equipment such as beds, cabinets, CT scans and many others.

HEALTH CARE & MEDICAL SERVICES

B

- GARETH CAPITAL HOLDINGS LTD also supplies high performance medical equipment to health facilities around the country. These include; Medical refrigerators, Blood banks, Ultra Temperatures freezers, Centrifuges, Infant warmers, Bio safety cabinets, Vortex mixers, Water baths, Ovens, among others.
- We also produce other testing kits which include both PCR and Antigen tests for HIV, Malaria, Hepatitis B&C, Influenza, Yellow fever, Herpes virus among others. We do this with our sister company Exon Genetic and Bio- technology Company limited.

OIL & GAS

- Our Exploration and Production operations According to the Net Zero scenario put forward by the International Energy Agency (IEA), hydrocarbons are set to account for half of the world's energy needs in 2030, and will decrease below 20% in 2050. Natural gas is genuinely a transition energy that allows for the ramp up of renewables and provides sustainable fuels in the mobility sector (natural gas for vehicles, marine LNG, etc.). Hence, it plays its full role in our strategy to meet global energy needs. As a multi-energy company present across the entire oil and gas value chain,
- We aim to provide hydrocarbons that are more affordable, more reliable, cleaner and accessible to as many people as possible. In an industry with an ever-growing number of constraints, we are harnessing our expertise and innovation capabilities to prepare the future of energy for our planet. Therefore: Our business is focused on safely exploring and producing from conventional offshore, unconventional and oil sands assets

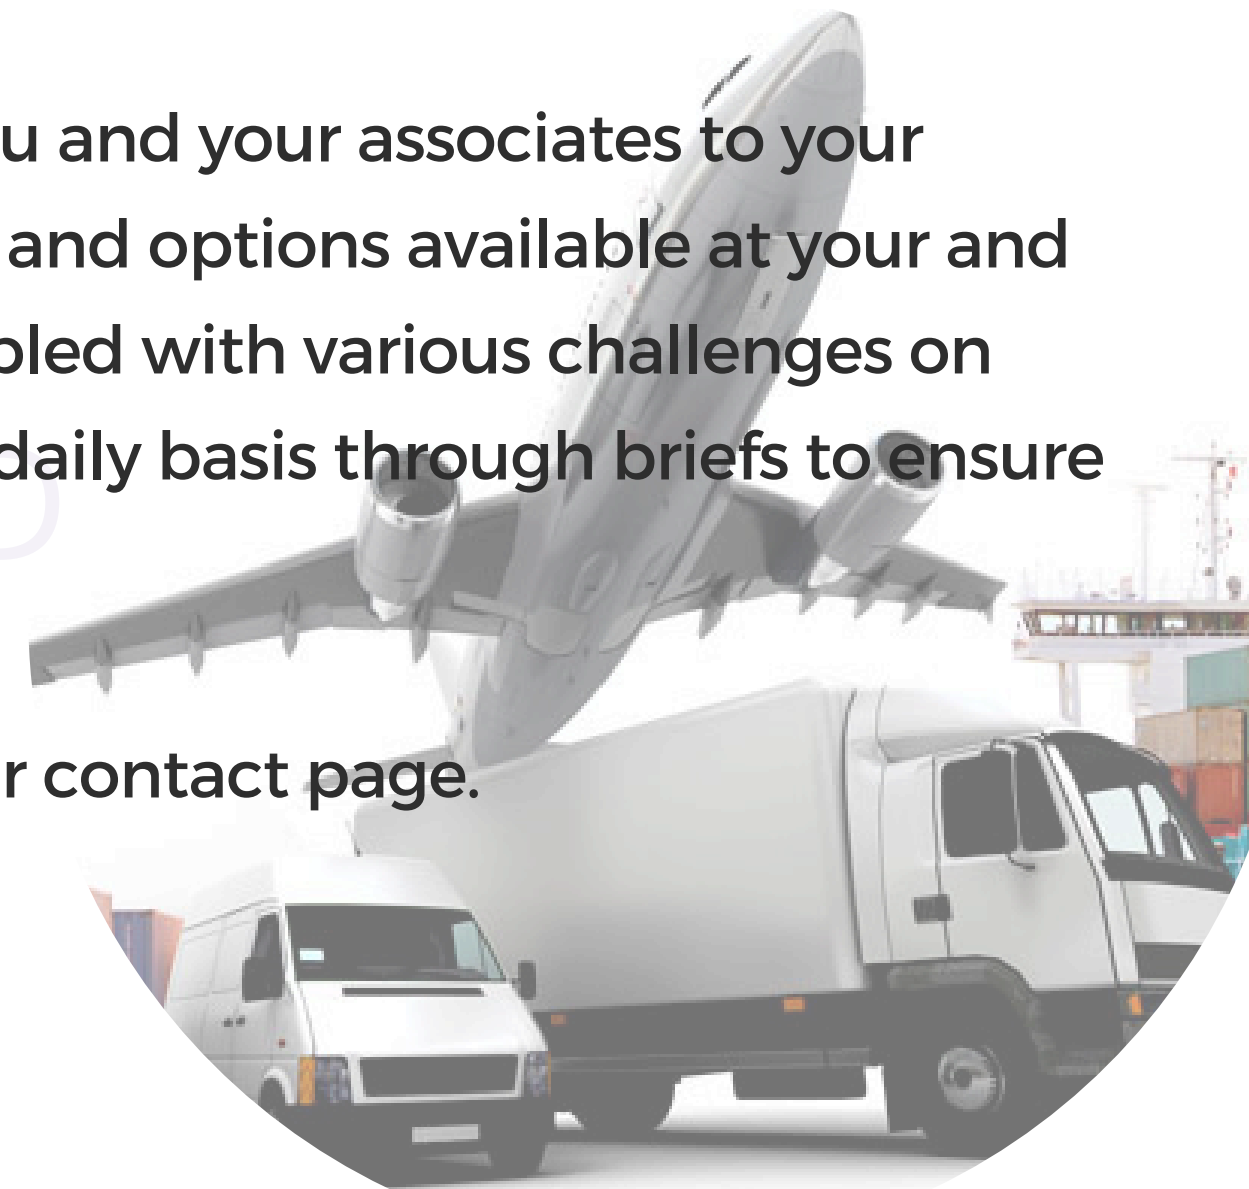

AGRICULTURE

- GARETH CAPITAL HOLDINGS LTD is in the business of growing, sourcing from farmers and then globally export fresh high quality fruits, vegetables and cereals. We are equipped with experienced and trained, agriculturalist, farm managers, supervisors, field workers etc. Our merchandise is purely natural & organic and consists of fruits, vegetables and cereals and so much more Our Mission is to provide customers with the finest level of services available in the industry with of course integrity and timely delivery Uganda is endowed with a warm climate, ample fertile land and regular rainfall all of which provide one of the best environments for agricultural production in sub-Saharan Africa.
- Agriculture has for several years formed the backbone of Uganda's economy contributing approximately 37% of the Gross Domestic Product (GDP). Agricultural products contribute nearly all of Uganda's foreign exchange earnings, with coffee (of which Uganda is Africa's leading producer) contributing the largest percentage of 19% of the country's exports

HUMAN RESOURCE , TRANSPORT & LOGISTICS
